#### An Introductory Resume

The MUTUAL UFO NETWORK, INC., is a not-for-profit corporation, incorporated under the State Laws of Texas, composed of people seriously interested in resolving the mysteries of the UFO phenomenon by combining their mutual talents, research, and investigative efforts. The basic purposes, as exemplified in our Charter, cover the areas of science, research, education, publications, and the social aspects.

MUFON is dedicated to the express purpose of answering four basic questions pertaining to the enigma known as "Unidentified Flying Objects".

1. Are UFO's some form of spacecraft controlled by an advanced intelligence conducting a surveillance of our Earth, or do they constitute some unknown physical or psychological manifestation associated with the planet as understood by present-day science?

2. If they are extraterrestrial craft controlled by intelligent beings, what is their method of propulsion, reliable maneuverability and speed?

3. If they may be controlled by an extraterrestrial intelligence, where do they originate—our Earth, our galaxy "the Milky Way", or in some distant galaxy in the universe?

4. If the craft are piloted by beings (humanoids), what can we learn from their apparent civilization through study or possibly through direct communications with the occupants of

that a phenomenon which has baffled the residents of our tiny planet, conceivably for several centuries, might be resolved tomorrow, or even next year. However, until a concentrated scientific effort is made to solve this perplexing dilemma, it will undoubtedly continue to be "the greatest mystery of our time".

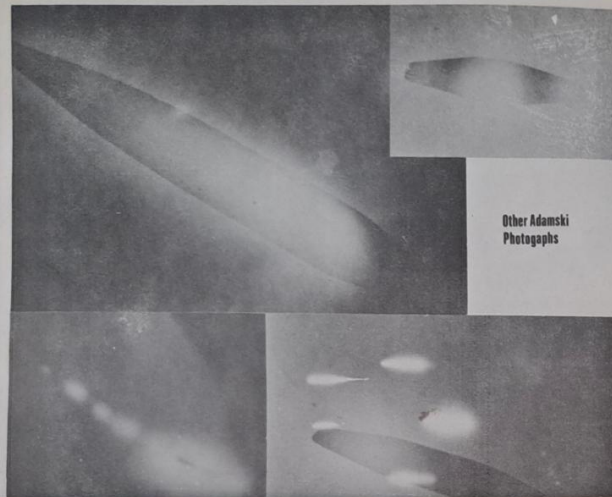

In 1969, MUFON's phenomenal success may be attributed to the "grass roots" nature of the majority of the leadership and motivation is achieved at the local level. Headed by a State Director, the province is geographically divided into groups of counties, having a State Section Director to coordinate the efforts of the Field Investigators in each Section. The nucleus of many new State Sections is the active UFO Study Group, which has merged with MUFON, but retained its local identity. Since 1971, to provide guidelines, techniques, and suggestions to members conducting investigations, an expanded and revised second edition, edited by Raymond E. Fowler, was released in 1975. The cost of the manual is as follows:

Members: \$2.00; Associates to the Center for UFO Studies: \$3.00; and to all others: \$4.00.

Since we are dealing with a worldwide phenomenon, we must consider its international scope. We are very cognizant that there are many reputable UFO organizations throughout the world who are performing a similar function to MUFON in their own countries. Therefore, MUFON, through its International Coordinator, has appointed "Foreign Representatives" in these nations to provide liaison between MUFON and their federation, society, or organization to exchange and share UFO data. In some countries, MUFON has established a national section, headed by a Director.

The over-all coordinator for the MUTUAL UFO NETWORK is the International Director, who is assisted by a competent staff to serve the needs of the state, provincial, and national organizations. Nationally known Consultants, most of whom possess doctorates, are readily available as an advisory group to apply their expertise to UFO cases under study and to advanced research in their respective fields. The research activities of the Advisory Board of Consultants is coordinated by the Director of Research. MUFON is governed by a Board of Directors composed of fifteen (15) men and women, which includes the Corporate Officers, four elected Regional Directors, and the Directors of the major functional activities.

Three Amateur Radio Networks, operating weekly in the 20, 40, and 75 meter amateur radio bands using single side band communications, are utilized to receive and disseminate UFO sighting reports and current UFO information.

Dear Sir,

I am indeed honored to assist you with our material concerning  
 extrerstial civilizations. Our organization is a contactee-  
 oriented one, but like your own, serves as a clearing house for  
 all kinds of UFO information.

I am sending you copies of our publications, as well as back issues  
 of our now out-of-print magazine "Cosmic Frontiers" which was  
 published in the 1960s and 1970s.

I am also very busy making tapes of UFO contactee and UFO scientific  
 lecturers for our many friends around the world. In fact, I am  
 several weeks behind the many requests now coming in. Please let  
 me know if you would like to have some of these lecturers.

We too feel that it is very important for people the world over  
 to have some understanding of the UFO, and what UFO contacts, now  
 occuring world-wide, have to do with the future of our little  
 world, out here at the edge of the Galaxy!

May the Great Light assist you in your endeavors to enlighten your  
 people, Mr. Karpodinis! After all, was it not the Light of ancient  
 Greece that enlightened so many great Souls of the past?

Greetings from the High Sierra of California, Mr. Karpodinis. May  
 we hear from you again.

*Nicholas Faust*

Dear Friend George:

Greetings and many thanks for your letter regarding your interest in UFOs as well as in our Organization.

I am very happy to know that there is some like your good-self in Greece who is capable of acquainting the people with the Outer Space Phenomena.

I have enclosed material which will give you an idea of the scope of our Organization. Also, be certain to make a correction in your records regarding our Office Address in Van Nuys, California.

Along with this work, I am also a Minister, President of our Denomination, and also President of the Int'l Theological Seminary of California so you can see how busy we are these days.

If you can, would you kindly forward any printed material regarding your own Organization.

I have been in UFO Investigation etc. since 1945 and have written several books and also Produced UFO Films for TV called (1) THE UFO SYNDROME, (2) THE UFO JOURNALS and (3) THE INTERSTELLAR CONNECTION. Also a Color UFO Full length Documentary called "UFO PHENOMENA". At this time, we are preparing for a full Theatrical Production based on my new book "THE UFO CONSPIRACY"

George, please do let us hear from you again soon as we are interested in your own progress in the UFO field. Do you have a University whom you feel might be interested in sponsoring a UFO two or three day Seminar in Greece ?? I have taken the liberty of also enclosing an Informative UFO Brochure that we send out to Universities in the US as well as other parts of the world.

God Bless You my Friend.

Sincerely,

*Dr. Frank E. Stranges*

INVESTIGATIVE SOCIETY OF THE UNIVERSE  
AND EXTRATERRESTRIAL CIVILIZATION  
Kerkiras 140 Str.  
Athens 11363 Hellas

Dear Mr. Karpodinis:

We are greatly appreciated and congratulation of your governmentally  
supported UFO research organization of Grece.

But, I bel ve you are mistaken to collect UFO material and analyse  
them to each others, and inform the public what the other private UFO  
research organizations are doing, - which are still existing.

You must be informed that the UFO problem (not phenomenon!) is a global  
security problem controlled by all the nations' military forces and  
the private UFO research was never accepted by the governments, - reasoned  
its extreme (parapsychology, spiritual, ultra and superdimensional etc.)  
explanations. UFOs are solid objects of extraterrestrial origin estab-  
lished by the Pentagon, already in the year of 1952!

Our enclosed documentation are undoubtful evidence, that the Geneva  
Summit's subject was the war against the UFO forces called by the USA  
and USSR as "Star War" and Strategic Defense Initiative.

I believe you action at your government according to our Memos and their  
official documentation are MUCH MORE IMPORTANT than any kind of futile  
and vaste research to the no one.

We would be greatly appreciated any documentation of your Minister of  
Defense Statement on the UFO activity (Averoff Tositas) who according to  
our information in 1979 declared that we must act on the problem's solution.  
This is the way of the UFO research.

UFO PROBLEM MUST BE SOLVED, before it is too late...

Cordially yours,

*C. S. VonKeviczky*

## UFO NEWSCLIPPING SERVICE

LUCIUS FARISH  
ROUTE 1 - BOX 220  
PLUMERVILLE, ARKANSAS 72127 U.S.A.  
(501) 354-2558

### GENERAL INFORMATION

© Ep.E.N.Zw

The UFO Newsclipping Service (UFONS), begun in May 1969, is an organization serving the UFO community through dissemination of pertinent UFO information to interested and serious investigators and researchers.

Initially, UFONS contracted for a UFO newspaper clipping service through a reputable, international clipping bureau, as we found it impossible to obtain needed news items on UFOs without such a service (i.e. little-known photographic cases, close-encounter and landing reports, occupant cases, abductions and other such accounts, many of which are only published in smaller daily and weekly papers). In 1970, we added international coverage, with clippings of UFO reports coming in from such countries as England, Australia, Canada, New Zealand and South Africa. All foreign language clippings are translated into English.

This complete United States and world-wide clipping service costs UFONS anywhere from \$60.00 per month to as much as \$250.00 per month in times of high UFO activity. We know that few individual UFO researchers, or even UFO groups, can afford the high cost of such a service directly from a clipping bureau. For this reason, we would like to share our clipping service with you, for our mutual benefit. We have initiated a system which has been well-received by many UFO investigators and groups, as well as libraries and individual researchers, whereby we help defray the costs of our expensive global UFO clipping service by offering the same service to you at a fraction of our cost — \$6.50 per month for U.S. and Canadian subscribers (\$6.50 for foreign subscribers, by airmail).

Fills the need for up-to-date UFO evidence on a world-wide basis, providing data for scientific analyses and studies. Also, the libraries and researchers who subscribe to our service tell us that our material is always in great demand, indicating the public's deep and continuing interest in the UFO subject.

FOR EVERY \$6.50 PER MONTH, YOU RECEIVE THE FOLLOWING:

1. A monthly UFO report, legal-size, photo-offset, containing:

a. The most complete and informative United States UFO newsclippings available to date.

b. A comprehensive selection of world-wide UFO newsclippings (in English).

c. A special section (usually 3-6 pages) of "Fortean" clippings (i.e. reports of strange creatures, "monsters," Bigfoot, cattle mutilations, etc.). These reports seem to relate directly to UFO activity in many instances, so they warrant inclusion in our newsclipping service.

Dear George:

In response to your letter to the Edmonton UFO Society, I'm inclosing a copy of our current Newsletter. The Edmonton UFO Society was founded in 1967. At one time we had a membership approaching 40, but at the present time membership has fallen - reflecting the relatively low level of sighting reports the past ten years in our region.

We wish you the best in your endeavour.

Yours truly,

John Brent Musgrave

Mr. G. Karpodinis - Sir: Thank you for  
your letter regarding the for-  
mation of your UFO  
group. I can send  
you my book,  
complete free,  
if you send  
US\$ 10.00 to cover  
mailing cost.  
Sincerely,  
S. Robison  
El autor, el arquitecto William  
Santana, y el Dr. J. Allen Hynek.

Desde hace más de diez años, el autor, ingeniero civil de profesión, ha recopilado, investigado y clasificado cientos de casos ovnis de Puerto Rico, Santo Domingo y Cuba. En Santo Domingo, su país natal, fue pionero en el estudio científico del tema, en Puerto Rico, donde reside hace años, fue co-fundador en 1972 del grupo CEDVNI y ha efectuado innumerables investigaciones de campo. A nivel internacional, mantiene estrechos lazos con las principales organizaciones de estudio tal como el CUFOS dirigido por el Dr. J. Allen Hynek, quien ha escrito el prólogo de esta obra, la cual - a su vez - viene a ser la primera obra antillana que trata el tema del fenómeno ovni. Revistas especializadas y de gran prestigio internacional, como FLYING SAUCER REVIEW de Inglaterra y STENDEK de España, han publicado los principales trabajos del autor.

S. Robiou Lamarche no se circunscribe a relatarnos los avistamientos de ovnis contemporáneos. Su estudio analítico incluye el considerar los fenómenos físicos, psicológicos y parapsicológicos que bien podrían crear, como crean, ambigüedades con el propio fenómeno ovni. Además, el autor hace un detallado recuento de los mitos y leyendas indígenas, de las creencias folklóricas antillanas de todos los tiempos, para entonces preguntarse si los modernos ovnis y sus tripulantes no tendrían los elementos de un nuevo mito en gestación, al igual que en el pasado fenómenos similares provocaron la creación de los mitos indígenas y las leyendas folklóricas. El tema de las apariciones de vírgenes antillanas, en épocas remotas y recientes, también es analizado desde este amplio panorama interpretativo. Las controversiales muertes misteriosas de animales, ocurridas principalmente en Puerto Rico en 1975, toman una nueva perspectiva al autor referirse a idénticos casos internacionales.

Luego de relatarnos cronológicamente cientos de experiencias ovnis antillanas desde 1842 - gran parte de ellas inéditas - el autor entra a considerar las principales teorías que intentan explicar el origen del enigmático fenómeno. Finalmente, y sin olvidarse de las consecuencias sociológicas que han creado y están creando en miles de personas estos hechos insólitos, el autor nos ofrece su interpretación de lo que pudiera ser lo que muchos han llamado "el gran enigma del siglo XX".

## CENTRO ITALIANO STUDI UFOLOGICI

CORSO VITTORIO EMANUELE 108, 10121 TORINO, ITALIA

© Ep.E.N.Zw

Dear friends,

you may be interested in learning of the Centro Italiano Studi Ufologici.

In the last few years, disagreement had been growing within CUN (Centro Ufologico Nazionale) about the Council policy, nearly exclusively devoted to pressing political and military authorities towards establishing an official UFO commission, while day-to-day investigation and research activities were left aside.

Polemics reached such a level that in December, 1985 the greater part of CUN members decided to leave and create a new association, called the Italian Center for UFO Studies (Centro Italiano Studi Ufologici, CISU).

Founding members of CISU have included nearly all active Italian ufologists and former CUN members known abroad: Renzo CABASSI (UPIAR), Antonio CHIUMIENTO (CUN Vice-president and foremost field investigator), Roberto FARABONE (editor of the scientific journal, UPIAR), Paolo FIORINO (CE-III research project coordinator), Gian Paolo GRASSINO (CUN Secretary and UFO Data Bank coordinator), Massimo GRECO (editor, UFO News Flash), Massimo PIGLIUCCI (editor, Documenti UFO), Edoardo RUSSO (CUN Foreign Relations), Gianni SETTIMO (editor, Clypeus-Ufologia), Paolo TOSELLI and Maurizio VERGA (Computer UFO Network and ITACAT coordinator).

During 1986 and 1987, the new Center has been going on with all activities (field investigators' network, UFO Data Bank files, Computer UFO Network), all research projects (Regional Catalogues, Operation Origins, Project Italy III, ITACAT) and publications (UFO review, NOTIZIE UFO, NOTIZIARIO ARCHIVIO STAMPA, DOCUMENTI UFO MONOGRAFIE, Servizio Documentazione Estera, UFO News Flash, Computer UFO Newsletter) which were previously under CUN aegis.

By now, please find enclosed a sample issue of "UFO - RIVISTA DI INFORMAZIONE UFOLOGICA" (UFO Information Review), the official journal of CISU, which we ask you to exchange with your own publication.

Also enclosed is an issue of our English language "Italian UFO Reporter", which usually contains details about CISU activities and Italian UFO sightings and research, as well as full English abstracts of the articles published in our main journal.

Please take note that any exchange and correspondence should only be addressed to:

Messieurs,

Nous vous remercions pour votre lettre.  
Notre association, l'A.D.R.U.P. existe depuis 1976 et  
étudie les phénomènes OVNI et Parapsychologiques.

Notre travail consiste en la compilation  
d'archives, d'articles de journaux, d'enquêtes et de contre-  
enquêtes sur des observations anciennes ou nouvelles.

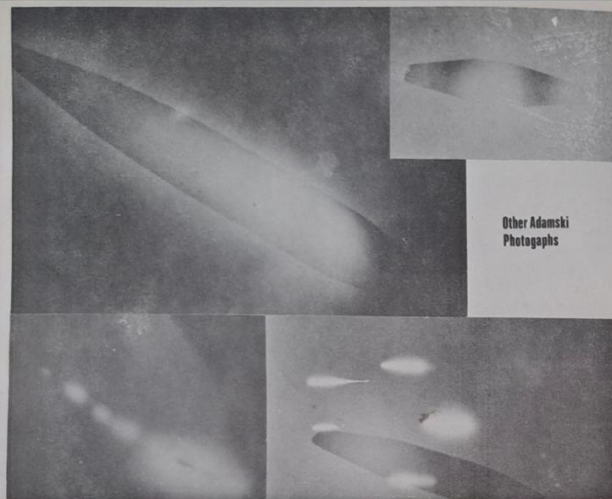

Notre domaine de travail est le départe-  
ment de la Côte d'Or. Nous publions une revue : VIMANA 21,  
dans laquelle nous présentons un résumé de nos travaux.  
Nous diffusons aussi nos études par le moyen de la radio,  
télévision, articles de journaux, conférences diaporama.

Nous sommes bien sûr d'accord pour  
entretenir une correspondance d'échange et vous renseigner  
sur l'ufologie française, ainsi que sur nos travaux.

En espérant que la langue française  
ne vous posera pas trop de problème car nous traduisons  
l'anglais, mais, hélas, nous ne l'écrivons pas, et que  
cette première approche vous donnera satisfaction.

Nous vous prions d'agréer, Messieurs,  
nos sincères salutations.

Dear Mr Karpodonis!  
Many thanks for your "circular letter" which we received a little while ago.  
We congratulate you to having "ISUEC" founded.  
For your information we enclose a couple of publications which we have published.  
We trust you know about CUFOs, the organization founded by Dr Allen J Hynke. He has put together some very interesting results of his analysis of close range observations, which I regard as a breakthrough in UFO Research.  
We have, in Project URD, done our first computer analysis of 1000 cases (compiled from the Swedish Defense Research Institutes and from UFO-Sweden), with very interesting results.  
I must also inform you about ICUR = the International UFO Research Committee for where I am the chairman and responsible for its secretariate.  
In closing this letter, I wish you all luck in your work.  
Best regards  
Bertil K

## UFO information

山形県酒田市で...

### 怪音を放つUFO出現!!

長時間滞空、パトカーも出動す!!!

並木伸一郎

UFOの目撃継続時間は通常、数秒から数分間というきわめて短時間のうちに終わっていることが多いが、ときとして長時間に及ぶケースが発生することがある。

ちなみに日本におけるUFO目撃継続時間の最長記録は、小生の手元にあるデータの中で関していえば1982年9月8日山形県尾花沢市で起こった約4時間というケースがある。

ところが今年の4月、同じ山形県でこれをはるかにしのぐUFO目撃事件が発生したのである。

#### 田園地帯に響きわたるナゾの金属音

4月9日夜、山形県酒田市大字千代田の田園地帯は、かつてない濃霧につつまれた。事件はその最中、奇怪な金属音と共に始まったのである。

午後7時すぎのことだ。同地で農業を営む土門源弥さん(45歳)は、いずこともなく聞こえてくる金属音が気になって外に出てみた。

\*すごい音だ、

外に一步出た源弥さんは思わず目を見張った。あたりは異常とも思える濃い霧が低く垂れこめていたからだ。いまだかつてこんな濃い霧を源弥さんは体

験したことがなかった。

\*おいっ、音、ちょっと来てろ、

金属音の正体をすぐにつかみかねた彼は長男の修君(17歳)を呼んだ。

父親に呼ばれるままに外に出た彼は音のする方向に目をやった。すると奥の方から点滅するオレンジ色の光体が見えた。光体はみるまに西に移動していき、そこで南へ約90度の鋭角ターンをした後、空中に滞空したのである。

濃霧のため、周囲の視界は悪かったが、上空は晴天で星がキラめいていた。2人の目は滞空する不思議な光体にくぎづけになった。光体は滞空している位置を中心に微妙に上下、左右に振動している。通常の飛行機やヘリコプターの類いではなかった。

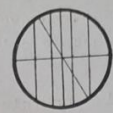

\*珍らしい物体だ、UFOじゃないか?、2人はどちらともなくつぶやいた。30分くらい見ていただろうか。物体はまだ見えていたが、とらえず家にもどることにした。金属音はその後ずっと聞こえ続けていた。

家にもどってはみたものの、音に敏感な源弥さんはどうしてもその音が気になって落ちつかなかった。

Betreff: your information-sheet

Dear George,  
many thanks for the information-sheet in view of the foundation from  
ISUEC. I hope that your will get few success in your country.

CENAP is since 1976 active in the UFO-sector and we have today a strong  
sceptical and critical view of this matter but we say clear the UFO-  
phenomena is real and exist - but we known today that we not investi-  
gated flying saucers from mars or from another planet. We have found  
a better term for the whole thing: unknown atmospheric phenomena (UAP).  
But this say not that this is the last word in this matter! We have  
a open mind however.

CENAP as a investigative body in the UFO-field bring up not specula-  
tions but we investigated in a scientific matter the UFO-matter case  
by case and a great help will bring up the books from Klass, Oberg,  
Hendry, Ruppelt, Condon Report etc for the whole understanding of the  
matter because we known that 97 or 98 % of all as UFO reported things  
is no more as a misinterpretation of a natural cause or manmade earth-  
ly product. All (or the most) people in the active UFO-field say "Yes,  
we known that 90 % (or more) are IFOs but we research only the real  
and true UFOs." And read you the reports about the "TRUE UFO" you find  
misunderstand IFOs again because nobody clear known all views of IFOs.  
In this view we research today more in view of real IFOs in the hope  
to find more about real "UFOs". That can you call a paradoxon but in

Dear Sirs,

Here is an answer to Your letter from UROS - public relations.  
From Your letter we understand that You are studying the same  
ufo-phenomenon as we do.

In the enclosed information, You can read more about our  
working system; so I think it is not necessary to enlarge  
upon it.

Further, You can also find a publication of our periodical,  
and some copies from ufo-sightings.

We would like to know which languages You use, except Greek or  
English. We translate in French, German, English and African.  
If You possess information in one of those languages, we  
possibly could exchange.

You will surely that we don't know the Greek language.  
We also want to know how our address came into Your  
possession.

Hoping to coöperate with in the future, I sign

with friendly greetings.  
Struys Ghislain,

Dir Sir,

Thank you very much for your letter concerning request for information.

Scandinavian UFO Information is one of the largest UFO societies in Scandinavia being in existence since 1957. We are publishing two magazines, UFO-NYT in Danish and an English newsletter.

The SUFOI Newsletter is send free to all our contacts throughout the world, and I have entered you on our mailing list. The newsletter is issued about once every year. If you have any material you could send us in return, we would be very interested in receiving news from Greece.

Further you could subscribe to UFO-NYT. The price is US\$ 27 including air mail postage and can be ordered by sending a check.

Please use the following address for correspondence etc.:

SUFOI  
P.O. Box 6  
DK-2820 Gentofte  
Denmark

Kind regards

Per Andersen

# INFORMATION REQUEST TO UFO RESEARCH ORGANIZATIONS AND PUBLICATIONS

The UFO Research of Finland was founded in 1973 and we have about 100 members. The organization is nationwide.

The UFO Research of Finland is at the moment in the process of writing a UFO related encyclopedia. The process will take several years. The encyclopedia will contain information about UFO organizations, publications, writers and major UFO sightings.

We would like to receive information about your organization/publication as well as other UFO related organizations/publications in your country. The information should be written on the enclosed form.

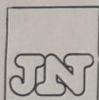

We would simply like to receive your information within one or two months.

SINCERELY YOURS

*Ilkka Serra*

Porto, 86-19-08

Dear friend,

I have learned from the magazine "OVNI-Presence" your existence as a new group with the official support in Grece.

I am a MUFON representative for Portugal, and a member of our national team, the CNIFO, founded in 1985 and with some official cooperations, such as Air Force an National Guard. I am also a professional journalist and, of course, I would like to publish something about your group, goals research methods and some kind of a close picture of the UFO cases in Grece, I think, unknown for the great public.

I think, meanwhile, we could stablish some kind of cooperation, exchanging our material, notes and all data concerning our field. Specifically, I am researching for some years the historical background of the UFO phenomena, namely the religious records we have ,because I have stablished some links with it for the Fatima case. Do you know it ? Have you knowledge in Grece any case of a "religious" kind ,apparition of entities with communication, etc. ? Please, inform me what you do want in that field. Our team is available to you.

Sincerely yours,

Joaquim Fernandes ( CNIFO Directory)
